

Loretto Memory Life Care

Offering the region's broadest portfolio of services for continued quality of life, the empowerment to thrive in a supportive environment, and purposeful living through all stages of dementia, Alzheimer's disease and memory loss.

Why Loretto?

Loretto has a long history of providing memory care to those in need, starting in 1992 when we opened one of the first memory care communities in the region. Now over 25 years later, through stimulating environments, cutting-edge facilities and comprehensive staff training, we enhance your loved one's quality of life and help you make the most of your time together.

What Sets Loretto Apart

- Only provider in the region to offer comprehensive memory care for all levels of need
- All Memory Life Communities designed to enhance the lives of our residents
- Expansive recreational programming to stimulate residents mind, body and spirit
- Technology with various options for residents to benefit from calming music, and games to stimulate memory and reduce agitation
- Dedicated community partners who continue conducting research and clinical trials to find a cure for memory loss

Memory Care For All Levels of Need:

Assisted Living

- The Heritage Memory Life Community
- The Borer Memory Life Community

Skilled Nursing

- Memory Life Care at Loretto Health & Rehabilitation
- Memory Life Care at The Commons on St. Anthony

Community Programs

- PACE CNY

Our Loretto Memory Life Communities Incorporate:

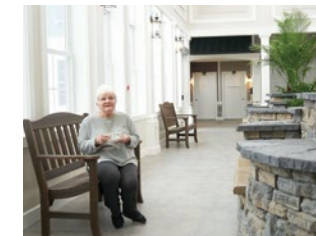

Individual neighborhood residences with personalized front doors

A nod to nature with therapeutic gardens, bird houses and fish tanks

Softer lighting and upgraded window treatments to optimize use of natural light

Open spaces to provide a sense of freedom in a safe environment

Updated socializing areas with themes and calming colors

The Loretto Difference

Our Memory Care Values

Innovation

As proud leaders in the memory care, we are consistently building and improving our facilities, developing our trained memory care staff and implementing the latest treatments.

Partnership

We participate in unprecedented research studies and partner with many influencers in memory care to help inform better approaches for Alzheimer's and dementia.

Caring

We go beyond basic therapies. We believe Alzheimer's and dementia have become a healthcare crisis and are committed to making strides to become part of the cure.

Engagement Technology

Lifelike Robotic Pets

Environmental Design Enhancements

The Region's Most Advanced Provider in Memory Care

Innovation

Loretto communities incorporate innovative designs and advanced technology to meet the needs of those with dementia including:

- LifeLoop Senior Engagement Technology
- Lifelike Robotic Pets
- Mynd VR Virtual Reality
- Lucynt Technology

Continuous Learning

Loretto offers a portfolio of comprehensive training programs. Staff have access to advanced educational tools and technology to continually advance our care practices specifically for those with dementia, including our unique Montessori-based approach to care.

Partnerships and Advancing Research

We participate in unprecedented research studies and partner with many influencers in the memory care community helping inform better treatments for Alzheimer's and dementia.

Gold Level Certification as a Montessori Inspired Lifestyle® Community

Discover a Community Made For You
